

VED PARAG VADAKE

B.Tech. - Electronics & Telecommunication Engineering
- MITAOE

Ph: +91-8888648290

Aug. 11, 2020 - April 15, 2021

Email: vpvadake@mitaoe.ac.in Chiplun, Maharashtra, India - 415605

EDUCATION	
EDUCATION	
Savitribai Phule Pune University B.Tech Electronics & Telecommunication Engineering - MITAOE CGPA: 8.27 / 10.00	2018 - 2022
Ashok Vidyalaya, Pune 12 th HSC Percentage: 67.23 / 100.00	2018
Mary Matha School, Chiplun 10 th SSC Percentage: 93.60 / 100.00	2016
INTERNSHIPS	
Geeta Technologies Pvt Ltd Electronics Engineer Key Skills:	June 16, 2021 - Sept. 16, 2022
Electronics ARM SQL Server AWS Python C Android Android Development	IOT Microcontrollers Java LORA
Create an End to End application to transfer data of sensors in a factory through LORA network to AWS application. Application would be able to control actuators and robots in factory using mobile application.	server and further to an mobile android
Tata Motors Limited Business Services Limited Software Engineer Key Skills:	Jan. 6, 2022 - July 6, 2022
Software Development Java Android Javascript SQL Server Python Machine Lear	rning Server UI Development UX
UX Design	
> Create a Customer Profiling Bot (Full Stack) (Python) (SQL Server) > Create an ML Camera Android Application (Android) (AL) (ML) (JAVA)	

PROJECTS	
Customer Profiling WebChat Application	Feb. 24, 2022 - May 11, 2022
Customer Profiling WebChat Application Team Size: 1	Feb. 24, 2022 - May 11, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST	Feb. 24, 2022 - May 11, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details.	Feb. 24, 2022 - May 11, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST	Feb. 24, 2022 - May 11, 2022 Jan. 7, 2022 - May 9, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application	
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application	Jan. 7, 2022 - May 9, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application Key Skills: Android Java XML UI Development UX UX Design Android SDK Ar	Jan. 7, 2022 - May 9, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application Key Skills: Android Java XML UI Development UX UX Design Android SDK Ar Create a custom camera application for a specific ML use case using the new android camerax API. Router 1x3 - VERILOG RTL Design and Verification	Jan. 7, 2022 - May 9, 2022 adroid Development
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application Key Skills: Android Java XML UI Development UX UX Design Android SDK Ar Create a custom camera application for a specific ML use case using the new android camerax API. Router 1x3 - VERILOG RTL Design and Verification Team Size: 1	Jan. 7, 2022 - May 9, 2022 adroid Development Feb. 1, 2022 - April 8, 2022
Customer Profiling WebChat Application Team Size: 1 Key Skills: HTML CSS Javascript Python SQL MySQL REST Create a customer profiling chatbot for unloading new customers and taking their details. Custom Camera Android Application Key Skills: Android Java XML UI Development UX UX Design Android SDK Arc Create a custom camera application for a specific ML use case using the new android camerax API. Router 1x3 - VERILOG RTL Design and Verification Team Size: 1 Key Skills: VLSI Verilog Advanced Verilog System Verilog Verification Design, Implementation, and Verification of Router in Verilog which accepts 8 bits package and directs its simultaneously. IOT End to End Android Application	Jan. 7, 2022 - May 9, 2022 adroid Development Feb. 1, 2022 - April 8, 2022

Hollonomic Drive Robot for Warehouse Management and Supermarkets

Mentor: Shridhar Khandekar | Team Size: 4

Key Skills: Robotics Android Development C Java Mobile Robotics Computer Vision Machine Learning Al Electronics Python A Hollonomic Drive Robot can take turns without rotating needing less amount of track space. Such Robots are useful in carrying load in warehouse and supermarket where there is not a lot of space to move. We also created an android application to control using phone. **LMS Android Application for Tutors** May 6, 2020 - Sept. 17, 2020 Team Size: 1 Create android application for individual tutors to teach, manage and post assignments for their students. It was Learning Management System for individual private tutors. **Human Following Drone** Jan. 15, 2020 - June 15, 2020 Mentor: Smita Kulkarni | Team Size: 4 Key Skills: ML ARM Electronics Al Python C Our Project involved a drone which could follow a human and track their movement. Such drone can be used for shooting videos or vlogging or military use. **Exercise Calorie Application for GYM** Team Size: 1

PERSONAL DETAILS

Gender: Male Date of Birth: Feb. 9, 2001

Exercise and Calorie tracking for local gym to track and monitor their calorie intake of their members.

Key Skills: Al Android Android Studio Android SDK Android Development UX

Marital Status: Unmarried **Phone Numbers:** +91-8888648290, +91-8888648290
